### **Business Donation\_ Gift-In-Kind Information Form**

University Hospitals Kingston Foundation (UHKF) will provide business receipts upon request for qualifying gifts contributed in support of events subject to the following Canada Revenue Agency guidelines:

- Qualifying items of merchandise require a verifiable Fair Market Value (FMV) and gifts more than \$1,000.00 may require an evaluation by an independent appraiser.
- Items drawn from inventory (or Gift Certificates for those items) should be considered promotional business expenses to maximize available tax benefits and therefore a charitable gift receipt will not be issued.
- A charitable gift receipt cannot be issued for a gift which has been made in exchange for a material benefit, such as promotion or advertising.
- The Canada Revenue Agency states: "A gift in kind does not include a gift of Service." A charitable gift receipt cannot be issued for contributions of time or services. We would be pleased to acknowledge such gifts with a thank you letter.

Donors of gifts donated for sale at Charity Events are eligible for a charitable receipt based on the lesser of the actual price paid at the sale or Fair Market Value. Purchasers of items at a Charity Event may be eligible for a charitable receipt based on the difference between the actual price paid and the Fair Market Value, if in compliance with Canada Revenue Agency guidelines.
